

30-Day School Safety Check-In

What is your school telling you about safety now that the year is underway?

People

Do students and staff feel safe and supported?
Are adults visible, approachable, and engaged?
Are concerns from students and staff being heard and addressed?

Environment

Are entrances secure and easy to monitor?
Is the campus clean, well-maintained, and hazard-free?
Are classrooms and common areas safe and orderly?

Routines

Are daily routines clear, consistent, and being followed?
Are safety drills conducted regularly and intentionally?
Do staff and students know what to do in an emergency?

Communication

Is safety information easy to find and understand?
Are updates and reminders shared consistently?
Do we have open two-way communication within our school community?

Follow-up

Are safety concerns tracked and followed up?
Are action steps assigned and completed?
Are we improving based on what we learn?
